

Got a health
service complaint?
Let's have a yarn.

OFFICE OF THE

HEALTH
OMBUDSMAN

Most Murri don't like to complain,
but complaints about health
services are very important.

They can identify areas for
improvement, stop the same
problems happening again and
help to make health services
better for all Murri.

The Office of the Health Ombudsman
is Queensland's free and independent
health service complaints agency.

Did you know it is against the law for a
health service provider to punish you
for making a complaint?

Have a yarn with us today, we can assist
you with your complaint.
