

Policy management framework

Importance of Policy Management

Policies, procedures and related governance documents provide relevant information and guidance for staff on how the OHO operates, and set out expectations and accountabilities.

Approach to Policy Management

This framework is intended to ensure policies, procedures and related governance documents are fit-for-purpose and developed consistently across the office, promoting efficient and effective decision making and clear accountabilities.

Acts and Regulations

Acts as passed by parliament

Codes of Conduct and Directives

Rulings that agencies and employees must follow

Policies, Standards and Procedures

High level principle based insight into OHO's objectives, intentions and expectations

Business Rules, Guidelines, Work Instructions and other resources

Suggestions on how to apply or implement a policy
